

Checklist for components issued on 17/18 Aug 2020

(To be used for online studios in Week 3 Studio 1 and Week 3 Studio 2)

No.	Description	Qty	Picture	Remarks
1	2 k-ohm potentiometer (not multi-turn)	3		Return at end of semester
2	Multi-turn 1 k-ohm variable resistors	4		Return at end of semester
3	Kingbright RGB LED L-154A4SURKQBDZGW	1		Return at end of semester
4	5% tolerance resistors (normal 0.25 W type):			
	150 Ω	1		No need to return; keep as spares
	330 Ω	1		No need to return; keep as spares
	560 Ω	1		No need to return; keep as spares
	820 Ω	1		No need to return; keep as spares
	1500 Ω	1		No need to return; keep as spares
5	Dome-shaped silicon cap (for reducing RGB LED Lamp's glare)	1		Return at end of semester
6	Replacement fuse for multimeter (200 mA)	1	(Spare fuse for multimeter) 	Return at end of semester
